

PROTECT YOUNG EYES™

The Digital Culture of Kids (And Why Growing up Today is Hard!)

Technology can do so much good in the world. But if not used well, it can also do so much harm. Never before in human history have young people had the ability to so radically change the trajectory of each other's lives so quickly.

After 5 years, over 1,000 presentations, testifying in front of Congress, and countless conversations with parents, students, educators, and officers, PYE has discovered 5 traits that often determine digital success in many families.

We call these 5 traits the Digital Trust Framework. What is Digital Trust? Do you have it? Our fast-paced, direct, practical talk will use stories, simple examples, and quick tips.

You will leave with a long list of practical steps you can implement in 24 hours to build strong protections around your precious children. Eager to get started? Receive their free weekly newsletter by texting PROTECT to 66866 or [follow PYE on social media](#).

St. Vincent de Paul Church
250 Bebout Avenue, Stirling, NJ

(This is an adult only event, High School Students may attend with parents, please see disclaimer about subject matter)
